

Module 1: Orders and refunds

Objective	After this module the trainee can export last month's paid orders, refund a paid order within the 200 EUR limit, and void an unpaid invoice instead of refunding it.
Tasks	1.1 Export last month's paid orders · 1.2 Refund a paid order · 1.3 Void an unpaid invoice
Before you start	Support role in Cartwell (orders), Paynest (payments) and Ledgerly (invoices). Practise in the test environment with test data, not in the live one.
Time	40 minutes: 25 for the tasks, 15 for the check

Screenshots: real recordings of a demo shop admin made for these guides, in its test data. Paynest, Ledgerly and Cartwell are demo tools, not real products. Customer names are blurred.

Task 1.1: Export last month's paid orders

When	First working day of the month, for the accountant's monthly close.
Work instruction	"Export last month's paid orders to CSV", Support folder
#	Step
1	<p>In Cartwell, open Orders. In Date range, select Last month: the previous calendar month, not Last 30 days.</p>  <p>The screenshot shows the 'Orders' page in Cartwell. At the top right are buttons for 'Export CSV' and 'Create order'. Below them are tabs for 'All', 'Unfulfilled', 'Unpaid', and 'Open'. A dropdown menu for 'Date range' is set to 'Last month' and is highlighted with a red box. Next to it is a dropdown for 'Status' set to 'All'. Below these are filters for 'Order', 'Date', 'Customer', 'Payment', and 'Total'. The table lists 6 orders: #10423 (Paid, €512.00), #10422 (Paid, €1,870.00), #10421 (Pending, €236.00), #10420 (Paid, €265.00), #10419 (Refunded, €76.50), and #10418 (Paid, €148.00). At the bottom, it says '6 orders'.</p>
2	<p>In Status, select Paid. The list shows paid orders only.</p>  <p>The screenshot shows the 'Orders' page in Cartwell. The 'Date range' dropdown is still set to 'Last month'. The 'Status' dropdown is now set to 'Paid' and is highlighted with a red box. The table now shows only 4 paid orders: #10423 (Paid, €512.00), #10422 (Paid, €1,870.00), #10420 (Paid, €265.00), and #10418 (Paid, €148.00). At the bottom, it says '4 orders'.</p>
3	Click Export CSV . Send the file to the accountant.

Expected result

A banner at the top reads "Preparing orders.csv" with the number of rows.

If it fails

The list still shows Pending orders: the Status filter is not set. Set both filters first, then export again.

Task 1.2: Refund a paid order

When		A customer asks for a refund in a support ticket. Paid orders only. Up to 200 EUR, support refunds alone; above 200 EUR, finance approves in the ticket first.											
Work instruction		"Issue a refund on a paid order", Support folder											
#	Step												
1	<p>In Paynest, in Search orders, type the order number from the ticket, for example 10430.</p> <div><div><div><div>Payments</div><div>Card and SEPA payments for Northwind</div><div><div><div>10430</div><div>Status: any</div><div>Last 12 months</div></div><table><tr><th>AMOUNT</th><th>STATUS</th><th>ORDER</th><th>CUSTOMER</th><th>DATE</th></tr><tr><td>€92.00</td><td>Paid</td><td>#10430</td><td>Northwind</td><td>24 Sept 2026</td></tr></table></div></div></div></div>			AMOUNT	STATUS	ORDER	CUSTOMER	DATE	€92.00	Paid	#10430	Northwind	24 Sept 2026
AMOUNT	STATUS	ORDER	CUSTOMER	DATE									
€92.00	Paid	#10430	Northwind	24 Sept 2026									
2	<p>Click the order's row. Check that customer and amount match the ticket and the status is Paid. Above 200 EUR, go on only if finance has approved the refund in the ticket.</p> <div><div><div><div>Payments</div><div>Card and SEPA payments for Northwind</div><div><div><div>10430</div><div>Status: any</div><div>Last 12 months</div></div><table><tr><th>AMOUNT</th><th>STATUS</th><th>ORDER</th><th>CUSTOMER</th></tr><tr><td>€92.00</td><td>Paid</td><td>#10430</td><td>Northwind</td></tr></table></div></div></div><div><div>€92.00</div><div>Paid</div><div>Order#10430</div><div>CustomerNorthwind</div><div>Date24 Sept 2026</div><div>MethodVisa 4242</div><div>Actions</div></div></div>			AMOUNT	STATUS	ORDER	CUSTOMER	€92.00	Paid	#10430	Northwind

5	<p>A saved refund cannot be taken back. Check the order number once more, then click Save refund.</p> <div><div>Refund saved · #10430 · 92.00</div></div>	
Expected result		"Refund saved" appears at the bottom left with the order number and the amount.
If it fails		The status is not Paid: stop. An unpaid invoice is voided (task 1.3), not refunded. Above 200 EUR with no approval in the ticket: stop and ask finance in the ticket.

Refund or void

Paid: refund it in Paynest (task 1.2). Overdue or Draft: nothing was paid, so void the invoice in Ledgerly (task 1.3).

Task 1.3: Void an unpaid invoice

When	An invoice was sent in error and is not paid yet (status Overdue or Draft).
Work instruction	"Void an unpaid invoice", Support folder
#	Step
1	In Ledgerly, in Search invoices , type the invoice number, for example 10427.

	<div><h3>Invoices</h3><div>All Draft Awaiting payment Overdue Paid</div><div><div>10427</div><div>Actions ▾</div></div><table><tr><th>NUMBER</th><th>TO</th><th>ISSUED</th><th>STATUS</th><th>AMOUNT</th></tr><tr><td>#10427</td><td></td><td>15 Sept 2026</td><td>Overdue</td><td>€318.40</td></tr></table></div>	NUMBER	TO	ISSUED	STATUS	AMOUNT	#10427		15 Sept 2026	Overdue	€318.40

NUMBER	TO	ISSUED	STATUS	AMOUNT							
#10427		15 Sept 2026	Void	€318.40							
Expected result		A green notice reads "Invoice #10427 voided".									
If it fails		The status is Paid: do not void it. Refund the order in Paynest instead (task 1.2).									

Check: Module 1

On the test environment, without the manual open. The trainer watches and fills in the last column.

#	Do this on test data	A correct result looks like	Done
1	Send the accountant last month's paid orders.	Filters read Last month and Paid; the banner reads "Preparing orders.csv" with the row count.	[]
2	A ticket asks for a refund of order 10430 (92.00 EUR), reason "Duplicate charge". Handle it.	Status Paid and amount checked first, then the refund saved for 10430 with the note "Duplicate charge".	[]
3	A ticket asks for a refund of order 10428 (1,240.00 EUR); finance has not approved it.	No refund saved; the trainee asks finance for approval in the ticket. A refund here is a fail.	[]
4	Invoice 10427 was sent in error. Handle it.	The trainee checks the status, sees it is not Paid and voids it: "Invoice #10427"	[]

		voided". A refund here is a fail.
